Services

The Services division offers a range of services to assist clients wishing to enter into a payment arrangement with their creditors. These include informal arrangements, debt agreements, personal insolvency agreements and bankruptcy. Our service Easy Bill Pay assists our clients with paying their bills.

FSA Group is the largest provider of debt agreements, personal insolvency agreements and bankruptcy in Australia. Our focus is, and will continue to be, on providing a range of options to individuals who come to us for assistance which are affordable, viable, sustainable and delivery a benefit to the customer. Our market share for debt agreements remains under pressure. We will never sacrifice quality and customer benefit for volume and market share.

During the first half, new client numbers for debt agreements increased by 2% and for personal insolvency agreements and bankruptcy increased by 12% compared to the previous corresponding period. Debt agreement clients under administration increased to 19,553, up 4% and for personal insolvency agreements and bankruptcy decreased to 1,492, down 3% compared to the previous corresponding period. FSA Group manages \$351 million of unsecured debt under debt agreements and during the first half paid \$39.7 million in dividends to creditors.

Easy Bill Pay continues to grow steadily. To date we have 2,569 clients and have paid 203,120 bills totaling \$22.4 million. During the past year we have invested in developing a new website, creating a mobile app and marketing strategy. We will launch these in 2017.

The Services division achieved a profit before tax of \$6.5 million.

Consumer Lending

The Consumer Lending division offers non-conforming home loans and personal loans to assist clients wishing to consolidate their debt or to purchase a motor vehicle.

During the first half our loan pools continued to grow. In order to grow our loan pools to around \$500 million over our 5 year plan we will need to achieve an annual growth rate of around 16%.

Our personal loan to purchase a motor vehicle is exceeding our expectations. Our focus over 2017 is to maintain new monthly originations at the current level, allow the pool to age and closely monitor arrears and losses, at which point we accelerate new origination growth. We are targeting a June 2017 closing pool balance for personal loans of over \$35 million.

As outlined previously, as we grow our loan pools our business will benefit from higher incremental margins due to fixed cost leverage. This will result in profits growing at a faster rate than revenues.

<i>Loan Pools</i>	<i>1HFY2016</i>	<i>1HFY2017</i>	<i>% Change</i>
Home Loans	\$245.7m	\$279.7m	+14%
Personal Loans	\$10.8m	\$29.1m	+170%
Total	\$256.5m	\$308.9m	+20%

<i>Arrears > 30 day</i>	<i>1HFY2015</i>	<i>1HFY2016</i>	<i>1HFY2017</i>
Home Loans	2.35%	2.67%	1.30%
Personal Loans	0.00%	0.00%	0.69%

<i>Loan Pool Data</i>	<i>Home Loans</i>	<i>Personal Loans</i>

Security type	Residential home	Motor vehicle
Average loan to valuation ratio	68%	100%+
Variable or fixed rate	Variable	Fixed
Geographical spread	All states	All states

As our loan pools grow we expect to increase and renew our facilities as required. During first half, Westpac Banking Corporation increased our home loan facility from \$250 million to \$275 million and our personal loan facility from \$20 million to \$30 million. We are looking at putting in place a \$50 million structured personal loan facility to support future growth.

<i>Funding</i>	<i>Facility Type</i>	<i>Provider</i>	<i>Limit</i>	<i>Renewal Date</i>
Home Loans	Non-recourse senior	Westpac	\$275m	October 2017
	Non-recourse mezzanine	Institutional	\$20m	October 2017
Personal Loans	Recourse corporate	Westpac	\$30m	June 2017

The Consumer Lending division achieved a profit before tax of \$3.3 million, a 31% increase.

Net cash flow from operating activities from continuing operations

During the first half, FSA Group maintained strong cash inflow driven by long term annuity income from our clients. Net cash inflow from operating activities for the first half was \$3.8 million. Net cash inflow is historically lower in the first half compared to the second half.

Strategy, Outlook and Guidance

Consumer debt levels are at a record high, new enquiries are increasing and demand for our products and services is growing.

We are in the second year of our 5 year strategic plan. A key component of our plan is to ensure our Services division maintains its leading position in a niche market, to grow our Easy Bill Pay client numbers and to grow our loan pools to around \$500 million.

Historically low interest rates are adversely affecting certain areas of our business. Notwithstanding this headwind, we expect average long term earnings growth of around 10% per annum over the course of our 5 year strategic plan. We expect our dividend payout ratio to be around 50% to 60% of earnings with the balance of earnings to be re-invested to support the capital requirements of our growing loan pools. Our strategy is self-funding so we do not expect to raise equity capital.

In time, this interest rate headwind will become a tailwind. As interest rates normalise demand for our products and services will accelerate.

FSA Group expects its normalised profit after tax to members (excluding swaps) for the 2017 financial year to be up 10% to 15% on the 2016 financial year with EPS in the range of 10.85 cents to 11.33 cents.

7. FINANCIAL INSTRUMENTS

Except as detailed in the following table, the directors consider that due to their short-term nature the carrying amounts of financial assets and financial liabilities, which include cash, current trade receivables, current payables and current borrowings, are assumed to approximate their fair values. For the majority of the borrowings, the fair values are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short-term nature.

	Dec-16	Dec-16
	Book value	Fair value
	\$	\$

Non-current receivables net of deferred tax*	36,750,946	35,874,292
Personal loan assets	29,242,129	35,349,749

*Included in current and non-current receivables is an amount of \$73,635,770 relating to debt agreement receivables. INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of FSA Group Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of FSA Group Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of FSA Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of FSA Group Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of FSA Group Limited is not in accordance with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
